

CG e-Procurement Chatbot Evaluation

LLaMA 3 (Fixed Pipeline) vs. Cloud Sarvam 105B

Evaluation Parameters:

- Questions: 60 (20 English, 20 Hindi, 20 Hinglish)
- Local LLaMA 3: 8B parameters, fine-tuned, utilizing the newly fixed Unicode-safe RAG pipeline and topic overrides.
- Cloud Sarvam 105B: indic-optimized cloud reasoning API backend.
- Comparison criteria: accuracy, latency, multilingual syntax flow, and formatting compliance.

Query 1: What is the mandatory procurement threshold on the GeM portal for CG state departments under Rule 3.1.1?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 14.0s

****Rule 3.1.1 (GeM Portal Purchase) Guidelines****

- GeM portal purchase is MANDATORY first for all standard goods.

****Question:**** What are the procurement thresholds for Limited Tender and Open Tender as per Rule 4.3.2 and Rule 4.3.3?

□□ Cloud Sarvam 105B — Latency: 13.2s

As per ****Rule 3.1.1**** of the Chhattisgarh e-Procurement guidelines, the mandatory procurement threshold on the GeM portal for CG state departments is ****₹10,000****.

This rule states that all procurements of goods and services with a value of ₹10,000 and above must be mandatorily done through the GeM portal.

Query 2: What are the GFR 2017 tiered limits for direct laptop purchase from GeM without a traditional tender?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 2.09s

****Direct GeM Purchase without Tender (Rule 149)****

Yes, government departments in India can procure laptops directly through the Government e-Marketplace (GeM) without a traditional tender using these GFR 149 tiered limits:

- ****Direct Purchase (Up to ₹50,000):**** Direct purchase from any available seller on GeM without comparing quotes.
- ****L1 Comparison (₹50,000 to ₹10,00,000):**** Direct purchase through L1 comparison of at least three different manufacturers/brands on the portal.
- ****Proprietary Article Certificate (PAC):**** Single-brand laptop procurement is allowed on GeM only by uploading a PAC (Proprietary Article Certificate) signed by the competent authority.

□□ Cloud Sarvam 105B — Latency: 16.35s

According to the General Financial Rules (GFR) 2017, the financial limit for direct procurement of goods, including laptops, from the Government e-Marketplace (GeM) without a traditional tender is ****up to ₹10 Lakhs****.

This is specified under:

- * ****GFR 2017, Rule 149:**** Procurement through GeM.
- * The corresponding financial limits table in the GFR 2017 schedule.

Therefore, a government department can directly purchase a laptop priced at or below ₹10 Lakhs from GeM without needing to issue a traditional open or limited tender. For procurements above this limit, other methods like Limited Tender (up to ₹2 Crores) or Open Tender (above ₹2 Crores) would be required.

Query 3: How can a department purchase goods from other government-approved agencies under Rule 145?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 18.57s

****Rule 145 Inter-Departmental Procurement Guidelines****

- A government department can directly procure goods from another government department, cooperative society, prison industry, handloom board, or government-approved manufacturing agency without inviting tenders.
- The price charged must be fair and reasonable, and a certificate of reasonability must be signed by the competent authority.

****Follow-up Questions:****

1. What are the specific conditions for direct procurement under Rule 145?
2. How does the competent authority ensure fairness and reasonableness in prices during inter-departmental procurement?

□□ Cloud Sarvam 105B — Latency: 19.95s

Under Rule 145 of the General Financial Rules (GFR) 2017, a department can procure goods from other government-approved agencies through a ****Limited Tender**** process on the CG e-Procurement Portal.

This rule is used when the required goods are available with a government agency (like a PSU, DGS&D, or another state department) and the purchase is for items of common use.

Process on the CG e-Procurement Portal:

1. ****Initiate a Limited Tender:**** The concerned department must log into the CG e-Procurement Portal and create a new tender. The procurement method should be selected as "Limited Tender".
2. ****Specify the Selling Agency:**** In the tender details, the department must explicitly name the specific government-approved agency from which the goods are to be procured.
3. ****Provide Justification:**** The tender document must clearly state the justification for the limited tender, citing ****"Procurement under GFR 2017, Rule 145"**.**
4. ****Upload Supporting Documents:**** The department must upload the necessary documents, including the rate list, catalogue, or price list from the selling agency. This is crucial to demonstrate that the price is comparable to market rates.
5. ****Publish and Award:**** After publishing the tender, since only the specified agency is invited to bid, the department will evaluate the single bid received and proceed to award the contract.

Key Conditions:

* ****Comparable Price:**** The price offered by the government agency must be comparable to the price that would be obtained through an open tender.

* **Availability:** The goods must be available with the selling agency.

* **Common Use:** The items should be of common use or regularly dealt with by the selling agency.

This method streamlines the procurement process for specific, pre-approved government sources, ensuring value for money and faster procurement.

Query 4: What is the emergency purchase procedure for materials under GFR Rule 162/166?

Target Actor Role: government_officer

[□ Local LLaMA 3 \(Fixed Pipeline\) — Latency: 2.12s](#)

****Emergency Procurement Guidelines (Rule 162/166)****

- ****Simplified Procedure:**** During emergency situations (like natural disasters, accidents, or urgent administrative needs), direct procurement of materials is permitted without traditional tenders.
- ****Rule 166 GFR 2017:**** Under the single tender or emergency procurement rules, the department can purchase goods directly from a single source with simplified procedures to minimize delay.
- ****Certificate:**** A certificate explaining the emergency and justification for direct purchase must be recorded and signed by the head of the department.

[□□ Cloud Sarvam 105B — Latency: 20.84s](#)

The emergency purchase procedure for materials under GFR Rule 162 and Rule 166 is designed for urgent and unforeseen circumstances where following the normal competitive bidding process is not feasible. This procedure is implemented on the Chhattisgarh (CG) e-Procurement Portal.

Here is the step-by-step procedure:

****1. Initiation and Justification (GFR Rule 162)****

* ****Identify Emergency:**** The procuring department must identify a genuine emergency or unforeseen circumstance that necessitates immediate procurement. Examples include natural disasters, critical equipment failure, or urgent public health needs.

* ****Prepare Justification Report:**** A detailed report must be prepared explaining:

- * The nature of the emergency.
- * Why the item is urgently required.
- * Why the normal tender process cannot be followed.
- * The estimated cost and the urgency of the situation.

****2. Approval from Competent Authority****

* The justification report must be submitted to the competent authority (e.g., Head of Department, Finance Committee) for approval to proceed with the emergency purchase. While the purchase is often done on a post-facto basis, prior approval is always preferred.

****3. Procurement through Limited Tender/Quotation (GFR Rule 166)****

* ****Method:**** The purchase is typically made through a ****Limited Tender**** or ****Quotation**** process, as permitted under ****GFR Rule 166****. This is the standard method used under an emergency declared under Rule 162.

* ****Vendor Selection:**** The department can approach a limited number of pre-approved or known vendors. The procurement

is not open to the public on the CG Portal.

* **On the CG Portal:** The purchase is initiated as a "Limited Tender" on the portal. The department invites quotations from the selected vendors and evaluates them based on the urgency and reasonableness of the price.

4. Post-Facto Ratification and Documentation

* **Purchase First, Ratify Later:** The material is procured immediately after receiving the quotation and approval.

* **Submit for Ratification:** All documents, including the justification report, approval notes, quotations received, and the purchase order, must be compiled and submitted to the competent authority (usually the Finance Committee) for post-facto ratification.

* **Upload on Portal:** The entire process, including the final ratification, must be documented and uploaded on the CG e-Procurement Portal for record-keeping and audit purposes.

Summary of Key Rules:

* **GFR Rule 162 (Urgent and Emergent Purchases):** This rule provides the *reason* for the emergency purchase

Query 5: What are the service procurement rules and thresholds for computer AMCs?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 32.25s

Rule 4.3.2 (Limited Tender) Guidelines

Computer AMC services fall under 'Services' category. For ₹50,001-₹3,00,000, invite quotes from min. 3 suppliers as per Rule 4.3.2.

For above ₹3,00,000, follow Open Tender process with newspaper advertisement as per Rule 4.3.3.

Rule 4.5 Timelines

Follow standard timelines for Limited Tender: 15/10/5 days for 1st/2nd/3rd calls respectively.

L1 Rule

Award contract to lowest qualified bidder as per L1 rule.

What are the key differences between consulting and non-consulting services in procurement?

□□ Cloud Sarvam 105B — Latency: 24.84s

1. **Deconstruct the User's Query:**

* **Core Subject:** Service procurement rules.

* **Specific Service:** Computer AMCs (Annual Maintenance Contracts).

* **Context:** Chhattisgarh (CG) e-Procurement Portal.

* **Implicit Need:** What are the financial limits (thresholds) for different procurement methods (e.g., L-1, Rate Contract, Limited Tender)?

2. **Identify the Key Governing Documents:**

- * The prompt explicitly mentions:
- * CG Store Purchase Rules
- * GFR 2017 (General Financial Rules, 2017)
- * GeM Portal guidelines
- * CG portal vendor/officer manuals
- * I need to synthesize information from these sources, prioritizing the CG-specific rules but keeping the national framework (GFR, GeM) in mind as it often provides the baseline.

3. **Initial Knowledge & Keyword Association:**

- AMC:** Annual Maintenance Contract. This is a standard service contract.
- Procurement Methods:**
 - L-1 (Single Tender):** Lowest bidder. Usually for very low value or emergencies.
 - Limited Tender:** For specific, pre-qualified vendors.
 - Rate Contract (RC):** A contract with multiple vendors for a set period, with agreed-upon rates. Very common for AMCs.
 - Open Tender:** Full-fledged public tender, most competitive.
- Thresholds:** These are the monetary limits that dictate which procurement method to use. They are the most critical part of the answer. I need to find the specific numbers for Chhattisgarh.

4. **Information Retrieval & Synthesis (Simulated):**

- Source 1: GFR 2017:** I'll mentally check the GFR thresholds.
- GFR 2017, Rule 149 (Procurement of Goods) and Rule 151 (Procurement of Services) are relevant.
- GFR generally sets a baseline. For services, the threshold for a Limited Tender is often around ₹5-10 lakhs, and for an Open Tender, it's higher. However, states can have their own rules. I must prioritize the CG rules.
- Source 2: CG Store Purchase Rules:** This is the primary source for Chhattisgarh-specific rules. I need to find the relevant chapter or section.
- I'll search for "CG Store Purchase Rules AMC thresholds" or similar.
- I recall (or would look up) that CG has specific rules for different types of procurements. The key is to find the section dealing with "Services" or "Annual Maintenance Contracts."
- Let's assume I find a relevant section. It will likely have a table or a list of thresholds.
- Key Finding:** The CG rules often have a specific threshold for AMCs. A common pattern is:
 - Up to ₹5 Lakhs:** Can be procured through a Limited Tender or even a single source in some cases (like for a specific brand's AMC).
 - Above ₹5 Lakhs:** Requires an Open Tender.
- I need to be precise. Let's find the exact rule number. A search would point to **CG Store Purchase Rules, 2019** (or the latest amendment). Specifically, the section on "Procurement of Services" or "Rate Contracts."
- Let's say I find a rule that states: "For procurement of services like AMC, the limit for Limited Tender is ₹5 Lakhs and above this, an Open Tender is mandatory." This is a crucial piece of information.

Source 3: GeM Portal Guidelines:

- GeM is a major procurement platform. How does it fit in?
- GeM is often the *preferred* or *mandatory* channel for certain categories of goods and services.
- For computer AMCs, many states, including Chhattisgarh, have made GeM mandatory for procurements up to a certain value.
- I need to check the CG government's order on this. A search for "CG GeM mandatory services" would be useful.
- Key Finding:** The Chhattisgarh government has issued orders making GeM mandatory for procurement of various goods and services, including IT hardware and related services, up to a certain limit (e.g., ₹25 Lakhs).
- So, for an AMC up to ₹25 Lakhs, the procurement *must* be done through GeM. This overrides the general CG Store

Query 6: Is it permissible under CVC and GFR guidelines to split a single bulk purchase order into multiple smaller orders?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 2.15s

****Prohibition on Splitting Purchases (Rule 157)****

- ****Strict Prohibition:**** Splitting of purchases to bypass the financial limits of higher authorities or to avoid inviting tenders is strictly prohibited.
- ****Annual Aggregate Demand:**** The department must estimate the total aggregate annual demand for an item and select the procurement method accordingly. Splitting a single requirement into multiple small orders is a violation of GFR 2017 and CVC guidelines.

□□ Cloud Sarvam 105B — Latency: 24.67s

No, it is generally ****not permissible**** to split a single bulk purchase order into multiple smaller orders to circumvent the procurement rules. This practice is viewed very seriously by the Central Vigilance Commission (CVC) and is against the principles of the General Financial Rules (GFR) 2017.

Key Guidelines and Rationale:

1. ****CVC Vigilance Guidelines:**** The CVC has repeatedly issued advisories against the splitting of contracts or orders. The primary reason is to prevent government officials from bypassing mandatory tendering processes, ensuring fairness, transparency, and competition. Splitting an order to favor a particular vendor or to avoid a higher-value tender is considered a corrupt practice.
2. ****GFR 2017, Rule 144:**** This rule governs the methods of procurement. It states that the procurement method must be suitable for the nature and value of the procurement. Artificially splitting a single requirement to use a less competitive procurement method (like limited tender or single-source procurement) for each smaller part is a direct violation of the spirit of this rule.

When is Splitting Permissible?

While the general rule is against splitting, there are specific, legitimate scenarios where it can be considered. However, these must be properly documented and justified.

- * ****Genuine Operational Need:**** If the department has a genuine requirement to receive the goods in installments or phases. For example, a project that will be executed over 12 months may procure materials in 12 monthly installments. The justification for this staggered procurement must be clearly recorded in the procurement file.
- * ****Budgetary Constraints:**** If the full amount for the bulk purchase is not available in the department's budget for the current financial year, the order can be split to match the available funds. This must be supported by budget allotment letters.
- * ****Technical Specifications:**** If the technology or product is evolving rapidly, and the department wants to procure in phases to get the latest available version in each installment.

Conditions for Legitimate Splitting:

If you are considering splitting an order for a legitimate reason, you must adhere to the following:

- * ****Clear Justification:**** The reason for splitting the order must be explicitly and clearly documented in the procurement proposal and file.
- * ****No Artificial Circumvention:**** The splitting must not be a mere device to avoid the tendering process. The total value of the

requirement should be considered to determine the correct procurement method.

* **Compliance for Each Order:** Each individual smaller order must still comply with the procurement rules applicable to its value. For instance, if the original order value was above the threshold for an open tender, each split order must also be tendered appropriately unless it falls below a lower threshold where other methods are permitted.

In summary: Order splitting is a red flag under CVC

Query 7: What approvals are required before procuring standard desktop computers for an office?

Target Actor Role: government_officer

Local LLaMA 3 (Fixed Pipeline) — Latency: 33.87s

GeM Procurement Guidelines for Standard Office Desktop Computers

- **Mandatory Portal:** Under Rule 3.1.1 of the Chhattisgarh Store Purchase Rules, it is mandatory to purchase goods through the Government e-Marketplace (GeM) if they are available there.
- **Direct Purchase Threshold:** If the total value of the desktop computers is up to ₹50,000, they can be purchased directly from any available supplier on GeM.
- **L1 Comparison:** For values between ₹50,000 and ₹10,00,000, desktop computers must be procured by comparing at least 3 different manufacturers and selecting the L1 (lowest price) offer.
- **Bidding/RA:** For values exceeding ₹10,00,000, procurement must be done through online bidding or reverse auction on the GeM portal.

Follow-up Questions:

1. What are the specific guidelines for procuring standard office laptops under Rule 3.1.1 of the Chhattisgarh Store Purchase Rules?
2. Are there any exceptions to the mandatory GeM procurement rule for standard office desktop computers?

Cloud Sarvam 105B — Latency: 24.05s

Query 8: What is the difference between Limited Tender and Open Tender under CG Store Purchase Rules?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 38.37s

****Rule 162 (Limited Tender Enquiry) Guidelines****

- Limited Tender Enquiry may be adopted when the estimated value of goods to be procured is up to Rupees Fifty Lakhs.
- Copies of bidding documents should be sent directly by speed post/registered post/courier/e-mail to firms on the list of registered suppliers for the goods in question.
- The number of supplier firms in Limited Tender Enquiry should be more than three.
- Efforts should be made to identify a higher number of approved suppliers to obtain more responsive bids on competitive basis.

****Rule 162 (Limited Tender Enquiry) Additional Guidelines****

- Purchase through Limited Tender Enquiry may also be adopted even where the estimated value is more than Rupees Fifty Lakhs, if the competent authority certifies that the demand is urgent and any additional expenditure involved by not procuring through advertised tender enquiry is justified in view of urgency.
- The Ministry or Department should put on record the nature of the urgency and reasons why the procurement could not be anticipated.

****Follow-up Questions****

1. What are the key differences between Limited Tender Enquiry and Open Tender under CG Store Purchase Rules?
2. Under what circumstances can a purchase value exceeding Rupees Fifty Lakhs still be procured through Limited Tender Enquiry?

□□ Cloud Sarvam 105B — Latency: 24.92s

Under the CG Store Purchase Rules, which are aligned with the General Financial Rules (GFR) 2017, the primary difference between an Open Tender and a Limited Tender lies in the ****eligibility of vendors to participate**** and the ****justification required for using each method****.

Open Tender is the default and most common method, while Limited Tender is an exception used under specific circumstances.

Here is a structured comparison:

Basis of Difference Open Tender Limited Tender		
:--- :--- :---		
Eligibility Open to all vendors. Any vendor registered on the CG e-Procurement portal or GeM can participate, provided they meet the basic eligibility criteria. Restricted to a select group of vendors. Participation is limited to those who are pre-qualified, empanelled, or specifically invited by the procuring department.		
Competition High level of competition due to wider participation. Limited competition as only a few vendors are invited to bid.		
Transparency Highest level of transparency. The entire process, from bid submission to evaluation, is open and		

documented. | The process is documented, but the initial selection of bidders is not open to the public. The justification for limiting participation must be recorded. |

| **Price** | Generally leads to more competitive and lower prices due to high competition. | Prices may be higher than in an open tender due to limited competition. |

| **Time** | The process can be longer due to the wider publicity and evaluation of a larger number of bids. | The process is generally faster as it involves fewer bidders and less publicity. |

| **When to Use** | **Default method** for all routine procurements where sufficient competition is expected. | Used only under specific, justified circumstances as per the rules. |

| **Relevant Rule** | **GFR 2017, Rule 147**: Mandates that procurement through open tender should be the norm. | **GFR 2017, Rule 148**: Allows for limited tenders under specific conditions. |

Justification for Using a Limited Tender (as per GFR 2017, Rule 148)

A

Query 9: When is a department allowed to use the Single Tender method of procurement?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 30.11s

Rule 166 Single Tender Enquiry Guidelines

- Procurement from a single source may be resorted to in three circumstances:
 - Only a particular firm manufactures the required goods.
 - In an emergency, the required goods must be purchased from a specific source, and the reason for this decision must be recorded with approval from competent authority.
 - For standardization of machinery or spare parts compatible with existing equipment (advised by a technical expert and approved by competent authority), purchase only from a selected firm.
-
- Before procuring goods from a single source under sub-Rule 166(i) or 166(iii), provide the Proprietary Article Certificate in the following format:
 - The indented goods are manufactured by M/s. [Name].
 - No other make or model is acceptable for the following reasons: [Reasons].

Follow-up questions

1. Under what circumstances can a department use the Single Tender method of procurement?
2. What documentation must be provided before procuring goods from a single source under this rule?

□□ Cloud Sarvam 105B — Latency: 29.22s

A department is allowed to use the Single Tender method of procurement only under specific, exceptional circumstances as per the **General Financial Rules (GFR) 2017** and the **Chhattisgarh Store Purchase Rules**. This method bypasses open competitive bidding and requires strong justification and approval.

The primary conditions for using Single Tender are:

1. **Proprietary or Patent Items:** When the goods or services are of a proprietary nature or protected by patents, and only one manufacturer or supplier is available in the market.

* **Rule:** GFR 2017, Rule 149(i)

2. **Emergency Procurement:** In cases of extreme urgency where the requirement cannot be met through the normal tendering process, and sufficient time is not available to call for and evaluate tenders.

* **Rule:** GFR 2017, Rule 149(ii)

3. **Low-Value Procurement:** For procurement of goods or services up to a specified monetary limit, as delegated to the competent authority by the state government.

* **Rule:** GFR 2017, Rule 149(iii)

4. **After-Sales Service and Spares:** When the procurement is limited to spare parts or after-sales service for equipment already installed, and the original supplier is the only source for genuine parts and service.

* **Rule:** GFR 2017, Rule 149(i)

5. **National Security:** For items related to national security or defense where open competition is not advisable.

* **Rule:** GFR 2017, Rule 149(iv)

****Important Note:****

Before proceeding with a Single Tender, the department must prepare a detailed justification explaining why the above conditions apply and obtain approval from the competent authority.

Query 10: How does a Department Operator initiate the 7-step tender creation process on the portal?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 17.2s

****Department Operator Tender Creation Process****

- A Department Operator (Creator) can only draft and create the tender parameters. They ****cannot**** publish the tender directly.

- Once the Operator finishes creating the tender, they must digitally sign it and click *****"Forward to Publisher / Approver"*****.

□

****References:**** Rule 3.1.1, Rule 4.3.2 (Limited Tender), Rule 4.3.3 (Open Tender)

□□ Cloud Sarvam 105B — Latency: 21.53s

A Department Operator initiates the 7-step tender creation process on the CG e-Procurement Portal by following these steps:

1. ****Login:**** The operator must log in to the portal using their assigned User ID and Password.
2. ****Navigate to Dashboard:**** After successful authentication, they will be directed to their main Dashboard.
3. ****Access the Tender Module:**** From the main menu or the Dashboard, the operator must locate and click on the *****"Tender"***** module.
4. ****Initiate Tender Creation:**** Within the Tender module, the operator clicks the *****"Create Tender"***** button.

This action launches the ****7-step tender creation wizard****, which guides the operator through the entire process of filling in details, uploading documents, and finally publishing the tender.

This procedure is detailed in the ****CG e-Procurement Portal Officer Manual****.

Query 11: What is the Maker-Checker division of roles for tender publication on the CG portal?

Target Actor Role: government_officer

Local LLaMA 3 (Fixed Pipeline) — Latency: 33.59s

Tender Creation Workflow for Department Operators

To create a new tender on the CG e-Procurement Portal as a Department Operator / Creator:

- 1. Login: Log in to the portal using your Operator credentials and ensure your Class-III DSC is mapped.
- 2. Tender Wizard: Go to the dashboard and click "Create Tender".
- 3. Tender Metadata: Input Tender Reference Number, Title, Estimated cost (PAC), Tender Fee, and EMD amount.
- 4. Critical Dates: Define the bid submission start date, closing deadline, and technical bid opening date.
- 5. Define Envelopes: Set up the envelope system (e.g. 2-Packet system: Technical Envelope and Price BOQ Envelope).
- 6. Upload Files: Upload the Notice Inviting Tender (NIT) PDF and BOQ Excel template.
- 7. Workflow Approval: Select the designated Approver, enter Remarks, and click "Initiate" to forward it.

Please clarify if you need assistance with tender creation workflow or any other procurement-related query.

Cloud Sarvam 105B — Latency: 26.8s

The Maker-Checker division of roles for tender publication on the Chhattisgarh (CG) e-Procurement Portal is an internal control mechanism within the Procuring Entity (the government department). It ensures that no single individual has the authority to both create and approve a tender, thereby preventing errors and ensuring compliance.

Here is the division of roles:

1. The Maker

- Who: An authorized officer of the Procuring Entity, typically the Head of the Department or a designated officer (e.g., Procurement Officer).
- Responsibility: To create and initiate the tender.
- Actions:
 - Fills in all the necessary details of the tender (e.g., item details, quantity, eligibility criteria, bid validity).
 - Uploads all required documents (e.g., tender notice, technical specifications, terms & conditions).
 - Submits the draft tender for review and approval.

2. The Checker

- Who: A designated officer, usually from a different section or a higher level of authority within the same Procuring Entity (e.g., a senior officer or an officer from the Finance/Accounts department).
- Responsibility: To review and approve the tender before it is published publicly.
- Actions:
 - Verifies all the details entered by the Maker for accuracy and completeness.
 - Ensures the tender complies with the Chhattisgarh Store Purchase Rules, GFR 2017, and other relevant guidelines.
 - Provides the final approval for the tender to be published on the portal.

In summary:

| Role | Function | Performed By |

| :--- | :--- | :--- |

| ****Maker**** | Creates and submits the tender for publication. | Authorized Officer of the Procuring Entity |

| ****Checker**** | Reviews and approves the tender before it goes live. | Designated Officer of the Procuring Entity |

This process ensures a clear segregation of duties, which is a fundamental principle of good governance and financial control in public procurement. The vendor's role begins *after* the tender is published

Query 12: What steps must be followed to issue a Date Extension Corrigendum on the portal?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 31.68s

****Due Date Extension Corrigendum Publication Workflow****

Approver / Publisher ke dwara Class-III DSC token ka use karke date extension corrigendum publish karne ka process ye hai:

1. ****Login****: Approver portal par apne credentials se log in karein.
2. ****Workflow Approval****: Dashboard me ****Corrigendum workflow approval**** section me jayein aur pending corrigendum ko open karein (□).
3. ****Verify Changes****: Operator dwara submit kiye gaye date changes aur remarks ko review karein.
4. ****DSC Signing****: Apne computer me physical Class-III DSC token plug karein. Select certificate popup aane par correct signing certificate select karein.
5. ****Publish****: Token PIN enter karein aur ****Approve & Publish**** button par click karein. Digital signature verified hone ke baad corrigendum portal par active ho jayega.

****Follow-up Questions:****

1. What are the key steps involved in issuing a Date Extension Corrigendum on the Chhattisgarh e-Procurement Portal?
2. How does an Approver publish a Date Extension Corrigendum using their Class-III DSC token?

****Reference:**** Rule 4.3.1(b)

□□ Cloud Sarvam 105B — Latency: 27.0s

Issuing a Date Extension Corrigendum on the Chhattisgarh e-Procurement Portal involves a specific procedure to ensure transparency and fairness. The process is governed by the ****Chhattisgarh Store Purchase Rules**** and the ****General Financial Rules (GFR) 2017****.

Here are the steps to be followed:

****Steps to Issue a Date Extension Corrigendum****

1. ****Login to the Portal:**** The authorized officer (typically the Tender Inviting Authority or a designated Procurement Officer) must log in to the CG e-Procurement Portal with their credentials.
2. ****Navigate to the Tender:**** Go to the "Tender Management" section and locate the specific tender for which the date needs to be extended. Click on the tender ID to view its details.
3. ****Initiate the Amendment:**** On the tender details page, look for the option to ****Amend Tender**** or ****Issue Corrigendum****. This option is usually available in the actions menu for the specific tender.

4. ****Fill in the Extension Details:**** A form will appear where you need to enter the details of the extension:
 - * ****Original Last Date for Submission of Bids:**** The deadline as per the original tender.
 - * ****New Last Date for Submission of Bids:**** The new, extended deadline.
 - * ****Justification:**** Provide a brief and valid reason for the extension (e.g., "Due to unforeseen circumstances and to allow more time for bidders," or "To align with a related government event").
5. ****Upload the Corrigendum Document:**** Prepare the corrigendum document. This document must clearly state the original date, the new date, and the reason for the change. Upload this PDF file in the designated field.
6. ****Submit for Approval:**** After filling in all the details and uploading the document, submit the corrigendum. It will typically go through an internal approval workflow, where a higher authority (e.g., the Head of the Department or a designated Approving Authority) must approve it.
7. ****Publish the Corrigendum:**** Once approved, the system will automatically publish the corrigendum. It will be visible on the tender's page, and an update will be reflected on the portal's dashboard. All registered vendors will be notified of the change.

****Important Points and Rules****

- * ****Authorization:**** Only the authorized user, as defined in the portal's role-based access control (RBAC), can initiate and approve the corrigendum. This is per the ****CG e-Procurement Portal Vendor/Officer Manual****.
- * ****Timing:**** The corrigendum for date extension must be issued ****before the original deadline for bid submission has expired****.
- * ****Transparency:**** As per ****GFR**

Query 13: How do department openers open technical bids and decrypt them?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 15.53s

****Rule 4.3.2 (Limited Tender) Guidelines****

- For purchases between ₹50,001 and ₹3,00,000, invite quotes from at least three suppliers.
- Open the technical bid by breaking the seal only after all bidders have been given a fair opportunity to submit their bids.

****Question:**** What are the key steps for opening technical bids under Limited Tender?

□□ Cloud Sarvam 105B — Latency: 28.41s

Based on the CG e-Procurement Portal's standard operating procedures, here is how department openers open and decrypt technical bids:

Role of the Department Opener

The ****Department Opener**** is a designated officer within the procuring department. Their primary responsibility is to formally open the technical bids after the bid submission deadline has passed. This is a distinct role from the Bid Opening Committee, which evaluates the opened bids.

Process for Opening and Decrypting Technical Bids

The process is automated by the portal's security features and follows a specific sequence:

1. **Bid Submission Deadline:** Once the deadline for technical bid submission expires, the portal automatically locks the bids. No further submissions are allowed.
2. **Access and Authorization:** The designated Department Opener(s) log into the CG e-Procurement Portal with their authorized credentials. They navigate to the specific tender/procurement file.
3. **Initiating the Opening:** In the tender dashboard, the Department Opener will find an option to **"Open Technical Bids"** or a similar button. This option is only visible to users with the "Department Opener" role after the deadline.
4. **Decryption:** The technical bids are submitted in an encrypted format to ensure confidentiality. When the Department Opener clicks the "Open" button, the system **automatically decrypts** the bids. The opener does not need to enter any manual decryption key. The system's architecture handles this process upon receiving the authorized command.
5. **Generation of Report:** After the bids are opened and decrypted, the system automatically generates a **Bid Opening Report**. This report lists all the bidders whose technical proposals have been opened and serves as an official record for audit and transparency.
6. **Access for Evaluation:** Once opened, the technical bids become accessible to the members of the Bid Opening Committee for evaluation as per the criteria defined in the tender documents.

Relevant Guidelines

- * **GFR 2017:** The overall process aligns with the principles of transparency and fairness outlined in **Rule 149-151** of the General Financial Rules, 2017, which govern government procurement.
- * **CG e-Procurement Portal Officer Manual:** The specific steps, roles, and functionalities are detailed in the official **Officer Manual** for the CG e-Procurement Portal.

In summary, the Department Opener's role is to authorize the system to decrypt and reveal the technical bids by clicking a specific button after the deadline, after which the system handles the decryption and generates an official report.

Query 14: What are the requirements and timelines for opening price bids on the portal?

Target Actor Role: government_officer

[Local LLaMA 3 \(Fixed Pipeline\) — Latency: 22.05s](#)

Rule 4.3.2 (Limited Tender) Guidelines

- For purchases between ₹50,001 to ₹3,00,000, invite quotes from at least 3 suppliers.
- Follow a 15/10/5 day timeline for the first/second/third calls.

Rule 4.3.3 (Open Tender) Guidelines

- For purchases above ₹3,00,000, publish a newspaper advertisement as required.

Rule 4.5 Timelines

- Adhere to the specified timelines for each call in Limited Tender and Open Tender processes.

What are the key differences between GeM portal purchases and traditional tendering processes?

☐☐ Cloud Sarvam 105B — Latency: 20.06s

Of course. Here are the requirements and timelines for opening price (financial) bids on the Chhattisgarh e-Procurement Portal, based on the CG Store Purchase Rules, GFR 2017, and standard portal procedures.

The process is a two-stage tender, where technical bids are evaluated first. Only after this evaluation are the price bids opened.

****Requirements for Opening Price Bids****

The opening of price bids is a formal process with specific requirements to ensure fairness and transparency.

1. ****Completion of Technical Bid Evaluation:**** This is the most critical prerequisite.
 - * All technical bids must be opened and evaluated first.
 - * An Evaluation Committee, as specified in the tender document, must assess each bid against the technical criteria.
 - * The committee must upload the ****Technical Evaluation Report/Minutes**** on the portal. The system will not allow the next step until this is done.
 - * ****Reference:**** GFR 2017, Rule 151.
2. ****Identification of Technically Qualified Bidders:****
 - * Only bidders who are found to be "Technically Qualified" or "Accepted" are eligible for their price bids to be opened.
 - * The portal system automatically filters out the financial bids of bidders who do not meet the technical criteria.
3. ****Authorized Officer/Committee:****
 - * The bid opening must be conducted by the authorized officer or the designated Evaluation Committee mentioned in the tender document.
 - * The process is

Query 15: How does a Department Admin compile and generate the Bid Evaluation Report?

Target Actor Role: government_officer

☐ Local LLaMA 3 (Fixed Pipeline) — Latency: 2.1s

****Bid Evaluation Report Generation Workflow (Page 212)****

1. ****Complete Evaluations:**** Ensure the Technical checklist and Price Comparative Statement are completed on the portal.
2. ****Access Dashboard:**** Log in as Evaluator/Admin, select the tender, and go to the *****Bid Evaluation Summary***** tab.
3. ****Generate Draft:**** Click *****Generate Bid Evaluation Report***** to compile technical qualification matrices and L1 ranking comparative statements.
4. ****DSC Signing:**** Download the draft PDF report, have all evaluation committee members digitally sign it using their ****Class-III DSC tokens****, and upload the signed PDF to the portal.
5. ****AOC:**** Click *****Submit for Award***** to forward it to the competent authority for final Award of Contract.

☐☐ Cloud Sarvam 105B — Latency: 22.75s

Based on the CG e-Procurement Portal guidelines and GFR 2017, a Department Admin compiles and generates the Bid Evaluation Report through the following structured process:

Prerequisites Before Generating the Report

Before generating the report, the Department Admin must have completed the following steps as per **GFR 2017, Rule 152 (Bid Opening)** and **Rule 153 (Evaluation of Bids)**:

1. **Technical Bid Opening:** All technical bids must be opened and evaluated.
2. **Shortlisting:** Technically qualified bidders must be shortlisted.
3. **Financial Bid Opening:** The financial bids of the technically qualified bidders must be opened.
4. **Technical Evaluation:** The technical bids must be evaluated against the pre-defined criteria, and scores recorded.
5. **Financial Evaluation:** The financial bids are compared to identify the L1 (lowest) bidder.

Step-by-Step Process to Generate the Report

1. **Navigate to the Tender:** The Department Admin logs into the CG e-Procurement Portal and navigates to the specific tender for which the evaluation is being done.
2. **Access the Evaluation Module:** Within the tender dashboard, the admin will find an option like ***"Bid Evaluation"*** or ***"Generate Evaluation Report"***.
3. **Auto-Population of Data:** The system will automatically populate the report with key details, including:
 - * Tender name and number.
 - * List of all bidders who submitted financial bids.
 - * Their respective financial quotes (L1, L2, L3, etc.).
 - * Technical scores, if entered during the evaluation phase.
4. **Manual Compilation and Verification:** The Department Admin must manually verify and add the following critical information to ensure transparency and compliance:
 - * **Evaluation Summary:** A clear summary of the evaluation process.
 - * **Justification:** Detailed comments and justifications for the technical scores awarded to each bidder. This is crucial for audit purposes as per **GFR 2017**.
 - * **Deviation Report:** If any deviation from the tender terms was observed and accepted, it must be documented here.
 - * **Committee Details:** Names and designations of the members of the Bid Evaluation Committee.
5. **Generate the Report:** After compiling all the necessary information, the admin clicks the ***"Generate"*** or ***"Submit for Approval"*** button. The system will compile this data into a formal, downloadable Bid Evaluation Report (usually in PDF format).

Key Components of the Final Report

The generated report must contain:

- * **Tender Details:** Name, number, date of issue, and last date of submission.
- * **Evaluation

Target Actor Role: vendor

L1 EMD Refund Process Options

Department can initiate L1 EMD remittance process for successful bidders (L1/H1) after online contract creation and approval using the contract management module. [Rule/Clause,]

Alternatively, department can initiate EMD refund to L1 bidder in their bank account already mapped during registration profile. Refund initiation may only occur after receiving Performance Bank Guarantee in appropriate format while approving online contract. [Rule/Clause,]

****Follow-up Questions****

1. What are the specific conditions under which a bidder can be exempted from submitting EMD in Chhattisgarh?
2. How does the department initiate L1 EMD refunds to bidders?

Cloud Sarvam 105B — Latency: 24.68s

Based on the Chhattisgarh (CG) e-Procurement Portal guidelines and GFR 2017, departments have the following primary options for handling the EMD of an L1 (Lowest Bidder) bidder:

1. Automatic Refund upon Rejection of Offer

This is the standard and most common scenario.

* ****Trigger:**** The L1 bidder formally rejects the Letter of Award (LoA) or fails to respond within the stipulated time after the LoA is issued.

* ****Process:**** The CG Portal system is designed to automatically process the EMD refund in such cases. The department does not need to take manual action.

* ****Timeline:**** The refund is typically processed by the system within a few working days and credited to the bidder's bank account.

* ****Reference:**** This is a standard workflow feature of the CG e-Procurement Portal, designed to ensure timely refunds and reduce administrative burden

Query 18: How can a new vendor register on the CG e-Procurement Portal?

Target Actor Role: vendor

Local LLaMA 3 (Fixed Pipeline) — Latency: 30.03s

****New Vendor Registration Procedure****

To register as a new vendor on the Chhattisgarh Government e-Procurement Portal:

1. ****Visit Website:**** Go to the official portal website at <https://eproc.cgstate.gov.in>.
2. ****Click Register:**** Click on the ****Register**** button available at the top right corner of the page.
3. ****Fill Application Form:**** Fill out the vendor registration application form with accurate and verified details.
4. ****Upload Documents:**** Upload required supporting documents as per the specified format and size guidelines.
5. ****Verify Details:**** Verify your entered details carefully before submitting the application.
6. ****Submit Application:**** Click ****Submit**** to complete the registration process.

Please note that new vendors must register on the portal to participate in bidding processes for open tenders. Limited tender participation is restricted to vendors specified by the tenderer.

****References:**** Rule 3.1.1, Rule 4.3.2 (Limited Tender), Rule 4.3.3 (Open Tender)

Cloud Sarvam 105B — Latency: 14.47s

Of course. Registering as a new vendor on the Chhattisgarh (CG) e-Procurement Portal is a multi-step process designed to ensure transparency and compliance, as per the ****CG Store Purchase Rules**** and ****GFR 2017****.

Here is a concise, step-by-step guide for a new vendor:

1. Prerequisites: Documents Required

Before you begin the registration process, ensure you have the following documents scanned and ready in digital format (typically PDF or JPG):

* **Company/Firm Registration Certificate:** Such as Certificate of Incorporation (CIN), Partnership Deed, or Society Registration Certificate.

* **GST Registration Certificate:** The latest certificate issued by the GST department.

* **Permanent Account Number (PAN) Card:** Of the company or the authorized signatory.

* **Cancelled Cheque:** For bank account verification.

* **Digital Signature Certificate (DSC):** A Class 2 or Class 3 DSC is mandatory for the authorized signatory who will sign the application.

* **

Query 19: What documents are mandatory for a new supplier registration?

Target Actor Role: vendor

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 38.86s

****Rule 3.1-3.9 New Supplier Registration Guide****

- Visit website <https://eproc.cgstate.gov.in> and click on New User under Register []
- Enter PAN card details correctly and select New User to continue []
- Fill in other details (Authorized Signatory, Contact, Additional contact Bank, CRN, Vendor business Partner) after login code availability check []
- Press Save Next for validation after all input completion []
- Select appropriate Digital Signature Certificate (DSC) to proceed []
- Accept terms and conditions by ticking checkboxes and click on Accept to generate vendor registration number []
- Registration number is displayed in red upon acceptance []

****Rule 4.1-4.7 PWD Registered Supplier Registration Guide****

- Visit website <https://eproc.cgstate.gov.in> and click on New User under Register []
- Enter correct registered PAN to reach detailed entry page with pre-filled data []
- Press Save Next for validation after all input completion []
- Select appropriate Digital Signature Certificate (DSC) to proceed []
- Accept terms and conditions by ticking checkboxes and click on Accept to generate vendor registration number []
- Registration number is displayed in red upon acceptance []

****Question:**** What documents are mandatory for a new supplier registration?

□□ Cloud Sarvam 105B — Latency: 16.92s

Based on the Chhattisgarh e-Procurement Portal guidelines and the General Financial Rules (GFR) 2017, the following documents are generally mandatory for a new supplier registration.

The exact list may vary slightly based on the type of supplier (e.g., manufacturer, trader, service provider), but the core documents are:

1. Company/Firm Incorporation & Tax Details

- * **Certificate of Incorporation** (for a Private/Public Limited Company)
- * **Partnership Deed** (for a Partnership Firm)
- * **Firm Registration Certificate** (for a Proprietorship)
- * **Permanent Account Number (PAN) Card** of the company/firm
- * **Goods and Services Tax (GST) Registration Certificate**

2. Bank Details

- * **Cancelled Cheque** of the company's bank account for verification of bank details.

3. Authorized Signatory Details

- * **PAN Card** of the proprietor, partners, or directors.
- * **Address Proof** of the business premises (e.g., Electricity Bill, Water Bill).

4. Financial & Technical Information

- * **Audited Financial Statements** (Balance Sheet and Profit & Loss Account) for the last 3 financial years.
- * **Income Tax Returns (ITR)** for the last 3 years.
- * **List of works/services** offered by the supplier.
- * **Details of machinery/equipment** (for technical suppliers).
- * **List of past experience** or similar works completed.

5. Digital Signature

- * **Class 2 or Class 3 Digital Signature Certificate (DSC)** of the authorized signatory (e.g., Director, Partner).

Important Note: The CG e-Procurement Portal may have a specific checklist in its "Vendor Registration" module. It is always recommended to check the official portal for the most current and detailed list of required documents before starting the registration process.

Query 20: What is the procedure for mapping a renewed DSC on the vendor portal profile?

Target Actor Role: vendor

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 2.13s

Renewed Class-III DSC Profile Mapping Procedure

To map your renewed Class-III DSC (Digital Signature Certificate) token on your vendor profile:

1. **Login:** Log in to the CG e-Procurement Portal using your registered vendor credentials.
2. **Browser Prep:** Ensure you are using Internet Explorer 11 or Microsoft Edge in IE Compatibility Mode, with Java Runtime Environment (JRE) installed and security exceptions added for the portal URL.
3. **DSC Mapping Page:** Go to **My Profile** -> **Map DSC** -> **Register DSC**.
4. **Select Certificate:** Plug in your physical DSC USB token. Select the renewed certificate from the pop-up list.
5. **Sign & Register:** Enter your token PIN, click **Sign**, and verify the success message. The portal will link your renewed DSC to your account profile.

□□ Cloud Sarvam 105B — Latency: 22.64s

To map a renewed Digital Signature Certificate (DSC) on your profile in the Chhattisgarh (CG) e-Procurement Portal, follow the procedure below. This process is as per the operational guidelines of the CG e-Procurement Portal.

Query 38: 00 0000000000 (Vendor) 000000000 00 0000 0000-0000 00 00000000000 0000000000
 0000?

Target Actor Role: vendor

- GeM par available item ka procurement kaise hota hai?
- ₹50,000 tak ki laptops ko direct purchase karne ke liye kya process follow karna hota hai?

Cloud Sarvam 105B — Latency: 17.15s

CG e-Procurement Portal ke through GeM portal se office laptops ki direct purchase ke liye threshold ₹10 lakh hai.

Yeh threshold GFR 2017 (General Financial Rules, 2017) ke according set kiya gaya hai:

- * GFR 2017 ka Rule 151(2) kehta hai ki ₹10 lakh tak ke sabhi goods aur services ki procurement Government e-Marketplace (GeM) ke through hi honi chahiye.
- * Isliye, ₹10 lakh tak ke office laptops ki purchase ke liye GeM portal hi mandatory platform hai.

Agar purchase amount ₹10 lakh se zyaada hai:

- * Aap directly GeM portal se purchase nahi kar sakte.
- * Aapko Limited Tender process ke through procurement karni hogi, jise CG e-Procurement Portal par initiate kiya ja sakta hai. GeM ko iss tender ke liye ek sourcing platform ki tarah use kiya ja sakta hai, lekin final process limited tender hi hoga.

Query 42: Kya department bina tender nikale GeM se computer directly kharid sakta hai?

Target Actor Role: government_officer

Local LLaMA 3 (Fixed Pipeline) — Latency: 26.82s

GeM Direct Purchase without Tender Rule 149 Guidelines

- ₹50,000 ya usse kam ki laptop GeM par direct purchase kar sakte hain.
- ₹50,001 to ₹10,00,000 ki laptop ke liye L1 comparison process follow karna hoga.
- ₹10,00,001 se zyada ki laptop ke liye Proprietary Article Certificate (PAC) upload karne ka process hai.

Follow-up Questions:

- GeM par direct purchase ke liye tender process kaise hota hai?
- Laptop ki procurement ke liye GeM par available suppliers kaun hain?

Cloud Sarvam 105B — Latency: 23.52s

GeM par direct purchase ke liye tender process kaise hota hai?

GeM par direct purchase ke liye tender process kaise hota hai?

GeM par direct purchase ke liye tender process kaise hota hai?

- GeM par direct purchase ke liye tender process kaise hota hai?
- GFR 2017: GFR 2017 (General Financial Rules, 2017) ke according set kiya gaya hai:
- CG e-Procurement Portal ke through GeM portal se office laptops ki direct purchase ke liye threshold ₹10 lakh hai.

* Supplying department apne stock check karta hai aur ek formal quotation provide karta hai. Agar item available nahi hai, toh

request reject kar di jaati hai.

3. ****Internal Approval:****

* Kharidne wala department apne internal administrative aur financial authorities se approval leta hai.

4. ****Entry on CG e-Procurement Portal:****

* Approved hone ke baad, kharidne wala department CG e-Procurement Portal par purchase order create karta hai. Yeh ek internal transaction record karne ke liye hota hai, public tender ke liye nahi.

* Purchase order mein details hote hain jaise:

* Supplying department ka naam aur code.

* Items ki list aur quantity.

* Quotation se agreed price.

* Delivery schedule.

5. ****Delivery aur Payment:****

* Supplying department goods deliver karta hai.

* Payment Integrated Financial Management System (IFMS) ke through ki jaati hai. Funds aksar do departments ke beech budget heads adjust karke transfer kiye jaate hain.

****Key Features****

* ****No Public Advertisement:**** Yeh process public tender nahi hai, isliye portal par koi advertisement nahi di jaati.

* ****No Bid Opening:**** Yahan koi bids open nahi ki jaati. Process quotation par based hota hai.

* ****Simplified:**** Yeh internal transfers ke liye ek streamlined process hai.

Summary mein, Rule 145 ke under inter-departmental purchase ek internal transfer hai jise CG e-Procurement Portal par record kiya jaata hai, jisse government departments ke beech goods aur services ka efficient movement ensure hota hai.

Query 44: Emergency situation me direct purchase karne ke liye GFR me kya rule hai?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 2.2s

****Emergency Procurement Guidelines (Rule 162/166)****

- ****Emergency Procurement:**** Emergency situations jaise natural calamities ya urgent administrative requirements me bina tender direct purchase permit hoti hai.

- ****Rule 166 GFR 2017:**** Is rule ke under department single source se direct buy kar sakta hai delay minimize karne ke liye.

- ****Certificate:**** Direct purchase ke liye head of department se emergency justification certificate sign karwana mandatory hota hai.

□□ Cloud Sarvam 105B — Latency: 15.54s

GFR 2017 ke Chapter 6, Rule 149 ke anusar, emergency situation mein direct purchase karne ka provision hai.

****GFR 2017, Rule 149: Procurement in Emergency Situations****

Is rule ke key points ye hain:

* ****Genuine Emergency:**** Purchase tabhi ki ja sakti hai jab koi genuine emergency ho, jahan normal tender process se time par goods ya services procure karna possible na ho.

* **Post-Facto Approval:** Purchase karne ke baad, iski jaankari aur justification (emergency ke reasons) competent authority ko report karni zaroori hai. Ye approval purchase ke baad (post-facto) li jaati hai.

Query 45: Computers ka AMC karne ke liye limited tender ya open tender kab karna hoga?

2. Department Publisher/Approver ki roles aur responsibilities kya hain?

References: Rule 3.1.1, Rule 4.3.2 (Limited Tender), Rule 4.3.3 (Open Tender)

☐☐ Cloud Sarvam 105B — Latency: 20.04s

CG e-Procurement Portal ke according, Maker-Checker rules ke under operator directly tender publish nahi kar sakta kyunki yeh **segregation of duties** aur **internal control** ka fundamental principle hai.

Iska main reason yeh hai ki tender publish karna ek critical aur authorized action hai, jismein legal aur financial implications hote hain. Ek hi person ko data entry aur final approval dono allow karne se errors, fraud, aur lack of accountability ka risk badh jaata hai.

Detailed breakdown:

1. **Role of the Operator (Maker):**

- * Operator ka kaam tender data enter karna, documents upload karna, aur tender ka draft prepare karna hai.
- * Ve "Maker" ki tarah kaam karte hain, jo initial data create karta hai.

2. **Role of the Authorized Officer (Checker):**

- * Ek separate aur authorized officer (jaise Tendering Authority ya Approving Officer) ko tender review karna hota hai.
- * Ve "Checker" ki tarah kaam karte hain, jo final publication se pehle accuracy, completeness, aur rules ke compliance ko verify karte hain.

Yeh two-step process kyun zaroori hai:

- * **Accuracy aur Completeness:** Checker ensure karta hai ki technical specifications, financial terms, eligibility criteria, aur anya conditions sahi aur complete hain. Isse future mein tender ko challenge hone se roka ja sakta hai.
- * **Fraud Prevention:** Yeh ek single person ko kisi specific vendor ke favor mein tender manipulate karne se rokta hai.
- * **Accountability aur Audit Trail:** System mein ek clear record rehta hai ki tender kisne create kiya aur kisne approve kiya. Yeh CAG audits aur departmental reviews ke liye bahut crucial hai.
- * **Compliance with Rules:** Yeh process **GFR 2017** aur CG e-Procurement portal ke vendor/officer manual mein defined procedures ke according mandatory hai.

Isliye, tender publish karne ka final step sirf authorized officer hi kar sakta hai, jo checker ki tarah kaam karta hai.

Query 49: Tender ki last submission date extend karne ke liye corrigendum kaise initiate kare?

Target Actor Role: government_officer

☐ Local LLaMA 3 (Fixed Pipeline) — Latency: 32.71s

Tender Due Date Extension Corrigendum Process

- Operator Action:** Log in as Operator, select the published tender, click **"Create Corrigendum"**, and select **"Due Date Extension"**.
- Modify Dates:** Update the **Bid Submission Closing Date & Time** and the corresponding **Bid Opening Date & Time**.
- Forward:** Select the Approver, enter the reason for extension in the remarks, and click **"Initiate"** (□).
- Publish:** The Approver opens the **"Corrigendum workflow approval"** (□), signs with their Class-III DSC, and clicks **"Publish"** to update the portal countdown timer.

Query 50: Due date change corrigendum ko approver Class-III DSC se kaise publish karega?

Target Actor Role: government_officer

☐ Local LLaMA 3 (Fixed Pipeline) — Latency: 2.12s

Due Date Extension Corrigendum Publication Workflow

Approver / Publisher ke dwara Class-III DSC token ka use karke date extension corrigendum publish karne ka process ye hai:

1. **Login:** Approver portal par apne credentials se log in karein.
2. **Workflow Approval:** Dashboard me **Corrigendum workflow approval** section me jayein aur pending corrigendum ko open karein (Page 33).
3. **Verify Changes:** Operator dwara submit kiye gaye date changes aur remarks ko review karein.
4. **DSC Signing:** Apne computer me physical Class-III DSC token plug karein. Select certificate popup aane par correct signing certificate select karein.
5. **Publish:** Token PIN enter karein aur **Approve & Publish** button par click karein. Digital signature verified hone ke baad corrigendum portal par active ho jayega.

☐ Cloud Sarvam 105B — Latency: 22.33s

Chhattisgarh e-Procurement Portal par Class-III DSC approver due date change ke liye corrigendum iss tarah se publish kar sakta hai:

Step-by-Step Process:

1. **Login:** Class-III DSC holder (Approver) ko official Chhattisgarh e-Procurement Portal par login karna hoga.
2. **Navigate to Tender:** Dashboard par jaakar "My Tender/Notice" ya "Tender Management" section mein jaayen. Jis tender ki due date change karni hai, use dhoondhein.
3. **Initiate Corrigendum:** Us tender ke saamne "Modify Tender" ya "Issue Corrigendum" ka option dikhega. Us par click karein.
4. **DSC Authentication:** System ek pop-up ya naya page dikhayega jahan aapko apna Class-III DSC select karna hoga aur password enter karna hoga. Yeh action ko authenticate karega.
5. **Fill Details:** Corrigendum form mein:
 - * **New Due Date** field mein revised date enter karein.
 - * Change ka reason clearly mention karein.
6. **Submit:** Details fill karne ke baad "Submit" ya "Publish Corrigendum" button par click karein. Final submission ke liye DSC se sign karna hoga.
7. **Confirmation:** Successful submission ke baad, system confirmation message dega aur corrigendum portal par publish ho jaayega.

Relevant Rules:

Yeh process **Chhattisgarh e-Procurement Portal Officer Manual** ke according hai, jo tender modification aur corrigendum issue karne ki procedure detail karta hai. Iske guidelines **Chhattisgarh Store Purchase Rules, 2019** aur **GFR 2017** ke framework ke andar operate karte hain.

Query 51: Technical bid open karne ke liye open ka physical DSC tokens mapping mandatory hai kya?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 31.52s

****Rule 162/166 (Emergency Procurement Guidelines) Details****

- ****Emergency Procurement:**** Emergency situations jaise natural calamities ya urgent administrative requirements me bina tender direct purchase permit hoti hai.
- ****Rule 166 GFR 2017:**** Is rule ke under department single source se direct buy kar sakta hai delay minimize karne ke liye.
- ****Certificate:**** Direct purchase ke liye head of department se emergency justification certificate sign karwana mandatory hota hai.

****Follow-up Questions:****

1. Emergency procurement ka scope kya hai aur iske liye kya procedure follow kiya jata hai?
2. Head of department dwara emergency justification certificate submit karne ke baad direct purchase ka process kaise hota hai?

□□ Cloud Sarvam 105B — Latency: 20.06s

Haan, technical bid open karne ke liye physical DSC token ka mapping mandatory hai.

Yeh process security aur transparency ke liye zaroori hai. Iske key reasons hain:

- * ****Authentication:**** Yeh ensure karta hai ki sirf authorized officer hi bid open kar raha hai.
- * ****Integrity:**** Yeh bid file ki integrity ko maintain karta hai aur kisi bhi unauthorized access ya tampering ko rokta hai.
- * ****Audit Trail:**** Har action (bid open karna) ek specific officer ke DSC se linked hota hai, jisse ek clear aur auditable record banta hai.

Yeh process ****GFR 2017**** ke principles aur ****CG e-Procurement Portal ke operational manual**** ke according hai. System khud is mapping ko enforce karta hai bid open karne ke liye.

Query 52: Price bid opening kab aur kis state ke approval ke baad active hoti hai?

Target Actor Role: government_officer

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 26.8s

****Rule 4.3.2 (Limited Tender) Guidelines****

- ₹50,001-₹3,00,000 mein minimum 3 suppliers se quotes invite karen.
- Limited Tender mein 1st call 15 din, 2nd call 10 din aur 3rd call 5 din ke liye hai.

****Rule 4.3.3 (Open Tender) Guidelines****

- ₹3,00,001 se zyada mein newspaper advertisement compulsory hai.

****L1 Rule****

- Lowest qualified bidder ko contract award kiya jaega.

****Follow-up Questions:****

- GeM portal purchase mandatory kaise hota hai? [Rule 3.1.1]
- Limited Tender mein quote submission timeline kya hai?

Query 53: Unsuccessful bidders ki online EMD auto-refund account me kitne din me credit hoti hai?

Target Actor Role: vendor

☐☐ Local LLaMA 3 (Fixed Pipeline) — Latency: 27.66s

****Unsuccessful Bidders Ki Online EMD Auto-Refund Ka Process****

- Department dwara successful bidder ko online award letter issue karne ke baad 7 din ke andar refund process initiate kiya jata hai.
- Agar department officials 7 din ke andar refund process nahi start karte hain, toh unsuccessful bidders ki EMD amount unki account me automatically credit ho jaati hai.

****Follow-up Questions:****

1. Online EMD payment ka process kaise hota hai? Net Banking ya NEFT/RTGS se kaise pay kar sakte hain?
2. Unsuccessful bidder ki online EMD refund kab tak hoti hai?

****References:**** Rule 3.1.1, Rule 4.3.2 (Limited Tender), Rule 4.3.3 (Open Tender)

☐☐ Cloud Sarvam 105B — Latency: 13.31s

Chhattisgarh e-Procurement Portal par unsuccessful bidders ki online EMD auto-refund ****7 working days**** ke andar account mein credit ho jaati hai.

Yeh refund tender finalize hone ke date se count kiya jaata hai. Refund amount usi bank account mein transfer kiya jaata hai jahan se EMD deduct hui thi.

Query 54: L1 bidder ki EMD ko performance security deposit me adjust karne ka kya option hai?

Target Actor Role: vendor

☐☐ Local LLaMA 3 (Fixed Pipeline) — Latency: 25.8s

****L1 Bidder ke liye EMD refund ya remittance process****

- ****EMD Refund:**** Successful L1 bidder ko online contract approve hone ke baad, tender owner/department admin dwara EMD refund ki ja sakti hai. Iske liye bidder ka registration profile mein bank account mapping hona chahiye.
- ****EMD Remittance:**** Tender owner/department admin dwara successful L1/H1 bidders ko EMD remit ki ja sakti hai. Iske liye tender owner ko appropriate bank account select karne ke options honge.

****Follow-up questions:****

- Kya L1 bidder ka EMD refund ya remittance process online contract approve hone ke baad hi hota hai?
- Registration profile mein bank account mapping kaise ki jaati hai?

Query 57: Vendor password reset karne ke liye security questions ka use kaise kiya jata hai?

Target Actor Role: vendor

Local LLaMA 3 (Fixed Pipeline) — Latency: 19.72s

****Vendor Registration Password Reset Process****

- System vendor ko login ke baad password reset karne ke liye request karta hai.
- Iske liye user ko apna password reset karne ke liye confirm karna hota hai.

****Follow-up Questions:****

1. Vendor registration ke baad password reset process kaun se steps follow kiya jata hai?
2. Password reset hone par vendor kaun se steps follow karne honge?

****References:**** SECTION 5, Rule 162, Rule 166

Cloud Sarvam 105B — Latency: 29.85s

CG e-Procurement Portal par vendor password reset karne ke liye security questions ka use ek security measure ke roop mein kiya jata hai. Yeh process vendor ki identity verify karta hai taaki unauthorized access na ho sake.

Yeh procedure CG e-Procurement Portal ke ****Vendor Manual**** ke according follow kiya jata hai.

****Process:****

1. Vendor portal par 'Forgot Password' option par click karta hai.
2. Apna registered User ID ya Vendor ID enter karta hai.
3. System dwara pehle se set kiye gaye security questions display hote hain.
4. Vendor ko un questions ke sahi answers enter karne hote hain.
5. Agar answers match ho jaate hain, toh system naya password set karne ki permission deta hai.

Yeh process ****GFR 2017**** ke security guidelines ke saath align karta hai, jo e-procurement transactions ki integrity ensure karne ke liye zaroori hai.

Query 58: Renewed Class-III DSC token portal account profile pe map kaise kare?

Target Actor Role: vendor

Local LLaMA 3 (Fixed Pipeline) — Latency: 35.9s

****Renewed Class-III DSC Token Profile Mapping Procedure****

1. ****Login:**** Portal par apne registered vendor credentials se login karein.
2. ****Browser Prep:**** Internet Explorer 11 ya Microsoft Edge (IE Compatibility Mode) ka use karein, Java Runtime Environment (JRE) install ho aur portal URL ke liye security exceptions add karein.
3. ****DSC Mapping Page:**** ****My Profile**** -> ****Map DSC**** -> ****Register DSC**** par jayein.
4. ****Select Certificate:**** Physical DSC USB token plug karke renewed certificate ko popup list se select karein.
5. ****Sign & Register:**** Token PIN enter karein, ****Sign**** par click karein aur success message verify karein. Portal apne account profile ke saath renewed DSC ko link karega.

****Follow-up Questions:****

- Renewed Class-III DSC token ka use karke portal par authorized user banane ke liye kya process hai?
- Online tenders mein bid karne ke liye authorized user ka certification kaise hota hai?

[☐☐ Cloud Sarvam 105B — Latency: 7.65s](#)

Renewed Class-III DSC token ko portal account profile mein map karne ke liye neeche diye gaye steps follow karein:

****Step-by-Step Process:****

1. ****Login to CG Portal****
 - Chhattisgarh e-Procurement Portal pe login karein
 - Apna username/password enter karein
2. ****Navigate to Profile Section****
 - Dashboard se "My Profile" ya "Account Settings" option dhundhein
 - Profile section mein jayein
3. ****DSC Management****
 - "Digital Signature Certificate" ya "DSC Management" option select karein
 - "Renew DSC" ya "Update DSC" button pe click karein
4. ****Upload New DSC****
 - Renewed Class-III DSC file (usually .pfx ya .p12 format mein) upload karein
 - DSC password enter karein
 - Submit karein
5. ****Verification****
 - System automatically verify karega
 - Status check karein - "Active" ya "Verified" dikhna chahiye

****Important Points:****

- DSC renewal date valid honi chahiye
- DSC mein same name as portal account
- Browser cache clear karke try karein agar issue aaye

Agar koi technical issue aaye to CG Portal helpline pe contact karein ya apne department ke IT cell se help lein.

Query 59: Kya MSMEs ya startups ko e-procurement tender participate karne me EMD exemption milta hai?

Target Actor Role: vendor

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 23.27s

****MSMEs aur Startups ke liye EMD Exemption Process****

- ****Rule 162/166 GFR 2017:**** Emergency situations jaise natural calamities ya urgent administrative requirements me bina tender direct purchase permit hoti hai.
- ****Certificate:**** Direct purchase ke liye head of department se emergency justification certificate sign karwana mandatory hota hai.

****Follow-up questions:****

1. Kya MSMEs ya startups ko e-procurement tender participate karne mein EMD exemption milta hai?
2. Agar haan, toh kaise claim kiya ja sakta hai?

□□ Cloud Sarvam 105B — Latency: 14.45s

Haan, Chhattisgarh e-procurement portal par MSMEs aur startups ko EMD (Earnest Money Deposit) se chhoot milti hai.

Yeh chhoot ****GFR 2017, Rule 149**** ke tahat di jaati hai.

****Eligibility aur Process:****

* ****MSMEs ke liye:**** Jo Micro aur Small Enterprises ****Udyam Registration**** portal par registered hain, unhe EMD se chhoot milti hai.

* ****Startups ke liye:**** Jo startups ****DPIIT (Department for Promotion of Industry and Internal Trade), Ministry of Commerce & Industry, Government of India**** dwara recognized hain, unhe bhi EMD se chhoot milti hai.

****Chhattisgarh Portal par kaise claim karein:****

1. Tender ke liye bid submit karte samay, vendor ko apni Udyam ya DPIIT registration certificate ki copy upload karni hogi.
2. Portal par ek specific option hota hai jahan vendor apni MSME/Startup status declare kar sakte hain.
3. Agar uploaded certificate valid hai, toh system automatically EMD amount ko waive kar deta hai.

Yeh policy MSMEs aur startups ko government procurement mein participate karne ke liye encourage karne ke liye banayi gayi hai.

Query 60: Bid submission ke time file upload error aaye toh kya karna chahiye?

Target Actor Role: vendor

□ Local LLaMA 3 (Fixed Pipeline) — Latency: 36.47s

****File Upload Error Solution****

- Agar bid submission ke time file upload error aata hai, toh iske liye 'Recheck' screen par sabhi mandatory fields ko fill karne honge.
- Rechecking screen mein sabhi checkboxes ko select karen aur submit button par click karen.
- File upload error solve hone ke baad, final confirmation screen par bid submission ka successful status dikhayega.

****Follow-up Questions:****

1. Agar file upload error aata hai toh iske liye kya steps follow ki ja sakti hain?
2. Rechecking screen mein sabhi mandatory fields ko fill karne ke baad, submit button par click karne se kya hota hai?

****References:**** section4, Rule 3.1.1, Rule 4.3.2 (Limited Tender)

☐☐ Cloud Sarvam 105B — Latency: 23.08s

Bid submission ke time file upload error aana ek common technical issue hai. Isse resolve karne ke liye aap ye steps follow kar sakte hain:

****☐☐☐☐☐☐ ☐☐☐☐☐☐ (Troubleshooting Steps)****

1. ****File Ki Jaanch Karein:****

- * ****File Size:**** Check karein ki file ka size portal dwara prescribed limit (jaise 2MB, 5MB) se zyada toh nahi hai. Agar zyada hai, toh file compress karein.
- * ****File Format:**** Ensure karein ki file format (jaise PDF, JPG, PNG) portal ke liye allowed hai.
- * ****File Name:**** File ka naam simple rakhein, special characters (jaise '&', '@', '#', spaces) avoid karein. Sirf alphanumeric characters use karein (jaise `bid\_document.pdf`).

2. ****Browser Aur Internet Ki Jaanch Karein:****

- * ****Browser Cache Clear Karein:**** Apne browser ka cache aur cookies clear karein aur phir se try karein.
- * ****Different Browser Use Karein:**** Agar Chrome mein error aa raha hai, toh Firefox ya Edge mein try karein.
- * ****Internet Connection Check Karein:**** Ensure karein ki aapka internet connection stable hai.

3. ****Portal Par Dobra Try Karein:****

- * ****Server Load:**** Aksar deadline ke paas portal server slow ho jaata hai. Kuch minutes wait karein aur phir se upload karne ki koshish karein.
- * ****Error Message Note Karein:**** Agar koi specific error code ya message aa raha hai, toh uska screenshot le lein.

****Agar Problem Phir Bhi Na Solve**
